

Candidates Certified by Country (Non-US)

Presented here are the total number of certificates and the number of currently valid certificates issued by the ABIM by country and discipline as of June 1, 2025. Country identification is based on the most recent address (outside the United States) provided to the ABIM by the physician. The ABIM has limited contact with some Board Certified physicians. Therefore, the accuracy of many addresses is uncertain. These data are updated annually.

The "Total" column identifies the total number of certificates issued. The "Valid Certificates" column excludes certified internists/subspecialists known to be deceased and/or those whose certificates are no longer valid. Physicians must meet MOC requirements, i.e., pass an assessment, earn points, and provide attestation (if applicable like Interventional Cardiology) in order to retain a valid certificate.

Note that the number of certificates issued is not the number of certified internists/subspecialists practicing in each discipline listed.

This document contains data for countries that have at least 5 diplomates with a valid ABIM certification.

*ABIM Board Certified physicians only

Number of Certificates Issued by Country and Discipline

Country		Internal Medicine	Adolescent Medicine*	Adult Congenital Heart Disease	Advanced Heart Failure /Transplant Cardiology	Cardiovascular Disease	Clinical Cardiac Electrophysiology	Critical Care Medicine*	Endocrinology, Diabetes, and Metabolism	Gastroenterology	Geriatric Medicine*	Hematology	Hospice and Palliative Medicine*	Infectious Disease	Interventional Cardiology	Medical Oncology	Nephrology	Neurocritical care *	Pulmonary Disease	Rheumatology	Sleep Medicine*	Transplant Hepatology*	Total
